MobArt is an art gallery with a twist. Unlike the traditional art galleries, we don't have a physical space, we are mobile. We "pop up" everywhere in the city and may one day appear just round the corner of where you live or work. Our concept is simple. We utilise urban spaces like restaurants, coffee shops, lounges etc. to host Art shows.

Our goal is clear. To make Hong Kong a better place for Art. We hope to elevate people's interest and appreciation for Art by making it an integral part of everyday life. This will in turn foster an environment that supports and nurtures young, talented local artists.
