MobArt is proud to present "30+ Children", a solo exhibition by Tim Cheng. Tim's paintings project a world from the children's perspective.

When we were young, all of us wanted a taste of adulthood – be it trying on mommy's lipsticks, daddy's oversize work shoes or holding onto a briefcase that's almost bigger than us, we have all done it once, twice, or even multiple times. We love those moments, how we couldn't wait to grow up and be like our parents.

When we grew up, we look back. Reminiscing the golden days of our childhood years, how carefree and happy we were.

Through Tim's paintings, he hopes to bring back those good memories of us longing to become adults and remind us all that what we have longed for has come true and so we should treasure and enjoy every moment of it.
